					and Master's Degree holder, especially the Master's Degree from National Institute of Advanced Nursing Education Research (NIENAR) or Overseas (preferred 2 years master's education) is desirable. 5. Qualification: Possess a nurse's license. 6. English Proficiency: Adequate English skills both in written and oral communication to complete Master's and/or Ph.D. courses with skills equivalent or exceeding the followings: Be sure to submit an original transcript of the External English language examinations that meets a score of A2 level or higher in "The CEFR comparison Table" or the standard of "The English Language Proficiency Tests designated by the Graduate School of Biomedical and Health Science". If you unable to submit this document, you will not be eligible to take the examination. 7. Physical Presence: must physically come to Japan to carry out research activities to complete this program. 8. Gender Equality and Women's Empowerment: JICA seeks more female candidates due to the past records of fewer application applications from women. JICA is committed to promoting gender equality and women's empowerment and provides equal opportunities for all candidates regardless of their sexual orientation or gender identity. 9. Others: must not be receiving nor plan to receive other scholarships from Japanese government, such as Japan Student Service Organization (JASSO), Japan Society for the Promotion of Science (JSPS), Japan Science and Technology Agency (JST), The Japan foundation (JF) during the program.
